

Health, Safety & Environment (HSE) Services

Helping companies manage HSE risks to their business operations

BUSINESS CHALLENGE

Businesses produce their product to generate revenue, and when all activities and actions are pointed at a singular outcome, consistent production, an inherent pressure to achieve that outcome exists. Specially the growing employee and community awareness on the risks to the environment and their health and safety posed by the business operations, there is a tremendous pressure on the businesses to enhance the confidence level of investors, customers, employees, contractors, regulatory agencies and the society at large by putting in place proactive and sustainable mechanisms to prevent loss of life, injuries, health disorders and degradation of environment.

OUR SOLUTIONS

Manage risk and control safety-related costs by partnering with ISSPL. We combine the latest advances in safety technology with a strong history of hands-on industry experience. Our integrated safety disciplines, training matrix and compliance management, and customer-centric implementation of safety programs are an integral part of our customers' operating efficiency.

ISSPL offers a wide range of HSE services to help businesses to address their HSE risks in an effective manner across major industry sectors including oil & gas, energy, power & process, general engineering, logistics & supply chain, retail & distribution, building & infrastructure, construction etc.

Our service portfolio covers –

- Technical Assistance for developing HSE Policy, Manual & Procedures
- Regulatory mapping for Safety Health & Environmental compliance
- Safety, Health & Environment Audits
- Construction Site Safety, Coordination & Surveillance
- Fire & Electrical Safety Audits
- Safety Training & Capacity Building
- Safety Culture Survey and Assistance for Culture Transformation
- In-Service Verification of Lifting & Construction Equipment
- Machine Conformity Assessment
- Industrial Hygiene Services

- HAZOP, HAZID, QRA, RAMS & SIL
- Consequence Assessment, Fire & Gas Explosion Analysis
- Emergency Response and Disaster Management Plan (ERDMP)
- Process Safety Management (PSM)

VALUE ADDITION

Our services have been constructive to our clients in their attempt to build a positive and sustainable HSE culture and achieve world-class HSE performance. Over the several decades, our services have helped our clients to –

- Ensure business continuity;
- Enhance market reputation and brand image by demonstrating visible commitment to addressing HSE concerns in the most effective way;
- Be ethical by protecting life and environment;
- Reduce risk of litigations, penalties and hefty compensations;
- Complying with the applicable regulations and relevant standards.

WHY IRCLASS

IRCLASS is a brand associated with Classification, Third Party Inspection & Quality Management System Certification for four decades. The parent company, Indian Register of Shipping, established in 1975, is a globally recognized Classification Agency and a full time member of International Association of Classification Societies (IACS). Indian Register of Shipping is recognized for its technical competency and experience in the Maritime sector. This expertise along with an excellent Safety record has enabled it to diversify into Third Party Inspection and Certification services under IRCLASS Systems and Solutions (Promoted by Indian Register of Shipping). Brand IRCLASS integrates the Classification, Third Party Inspection and Quality Management System Certification services provided to Maritime and Industrial Sectors. At IRCLASS, we help our clients to find ways to complexities associated with Design, Construction, Project Management, Operations and Failure Analysis. Our Quality Management systems are certified to ISO 9001:2015 by BSI and accredited to ISO: 17020:2012, as a Type “A” inspection body.
